

CURRICULUM VITAE

Abhijit Mookerjee

PUBLICATIONS IN REFEREED JOURNALS 1973-2011

1. Abhijit Mookerjee, **A new formalism for the study of configuration averaged properties of disordered systems**, J. Phys. C : Solid State Phys 6 L205 (1973)
2. Abhijit Mookerjee, **Averaged density of states in disordered systems**, J. Phys. C : Solid State Phys 6 1340 (1973)
3. Abhijit Mookerjee and A.R.Bishop, **A new approach to the CPA and its generalizations**, J. Phys. C : Solid State Phys 7 2165 (1974)
4. Abhijit Mookerjee, **The Economou-Cohen localization criterion: effect of clusters and a reappraisal**, J. Phys. C : Solid State Phys 7 4069 (1974)
5. Abhijit Mookerjee and R.Haydock, **Localization and its absence in the CPA**, J. Phys. C : Solid State Phys 7 3001 (1974)
6. Abhijit Mookerjee, **A new approach to the CPA and its generalizations II: The disordered alloy in three dimensions**, J. Phys. C : Solid State Phys 8 29 (1975)
7. Abhijit Mookerjee, **Fermion field theory and configurations averaging I**, J. Phys. C : Solid State Phys 7 1524 (1975)
8. Abhijit Mookerjee, **Fermion field theory and configurations averaging II: Two particle Green functions**, J. Phys. C : Solid State Phys 8 2688(1975)
9. Abhijit Mookerjee, **Fermion field theory and configuration averaging :III Off-diagonal disorder**, J. Phys. C : Solid State Phys 8 2943 (1975)
10. Abhijit Mookerjee, **Localization in disordered systems : the disordered spectrum**, Pramana 5 (1975)
11. Abhijit Mookerjee, **Criteria for localization in disordered systems**, Phys. Lett. 54A 355(1975)
12. Abhijit Mookerjee, Deepak Kumar and Vijay Kumar, **Surface segregation in random alloys**, J. Phys. F : Metal Phys 6 725 (1976)
13. Abhijit Mookerjee, **Cluster approximations to response functions in disordered systems and macroscopic conservation laws**, J. Phys. C : Solid State Phys 9 1225 (1976)
14. V. Choudhry and Abhijit Mookerjee, **On the size of the localization domain**, Phys. Lett. 59A 136 (1976)

15. Abhijit Mookerjee, **A mean-field, effective medium theory of random magnetic alloys : I the random Ising model**, Pramana 11 223 (1978)
16. Vipin Srivastava, Abhijit Mookerjee and S.K. Joshi, **Diffusion on a Cayley Tree**, Phys. Rev. B19 1926 (1979)
17. Abhijit Mookerjee and S.C. Agarwal, **Theory of susceptibility in a-Ge and a-Si**, Bull Mat Sci 2 353 (1980)
18. Abhijit Mookerjee, **Magneto-resistance of spin glass alloys**, J. Phys. F: Metal Phys 10 1559 (1980)
19. Abhijit Mookerjee, **A mean-field, effective medium theory of random magnetic alloys : II the random Heisenberg model**, Pramana 14 11 (1980)
20. Vijay Kumar , V.K. Srivastava and Abhijit Mookerjee, **Electronic structure of disordered alloys I : self-consistent CCPA incorporating off diagonal disorder and short ranged order**, J. Phys. C : Solid State Phys 15 1939 (1982)
21. V.K. Srivastava and A.Mookerjee, **Electronic structure of bcc alloys**, Pramana 19 107 (1982)
22. V.K.Srivastava, V.Choudhry and A. Mookerjee, **Electronic structure of disordered alloys II: CCPA, application to III-V ternary alloys**, J. Phys. C : Solid State Phys 16 4555 (1983)
23. D. Chowdhury and A. Mookerjee, **Magneto-resistance of AuFe and CuMn : theory and experiment**, J. Phys. F : Metal Phys 13 365 (1983)
24. S.B. Roy and A.Mookerjee, **A mean-field, effective medium theory of random magnetic alloys : III the Ising model with competing interactions**, Pramana 21 171 (1983)
25. S.B. Roy and A.Mookerjee, **Magnetic behaviour of spin glass alloys beyond the percolation threshold**, J. Phys. F : Metal Phys 13 1945 (1983)
26. D. Chowdhury and A.Mookerjee, **Spin glass transition as a problem of percolation of overlapping spheres**, J. Phys. F : Metal Phys 13 431 (1983)
27. D. Chowdhury and A.Mookerjee, **Relationship between Wohlfarth's model and the percolation model of spin glasses**, J. Phys. F : Metal Phys 13 L19 (1983)
28. D.Chowdhury and A.Mookerjee, **1/f noise in semiconductors and spin glasses**, Solid State Commun 48 887 (1983)
29. D.Chowdhury and A.Mookerjee, **Spin dynamics in vector spin glasses in an external magnetic field**, Phys. Lett. 99A 111 (1983)

30. D.Chowdhury and A.Mookerjee, **Logarithmic relaxation of magnetization in the percolation model of the spin glass transition**, J. Phys. F : Metal Phys 14 245 (1984)
31. D.Chowdhury and A.Mookerjee, **Local field distribution revisited in the light of percolation model of spin glass transition**, Pramana 22 107 (1984)
32. M.Yussouff and A.Mookerjee, **Phonon frequency spectrum in random binary alloys**, J. Phys. C : Solid State Phys 17 1009 (1984)
33. D.Chowdhury and A.Mookerjee, **Percolation model, Sherrington-Kirkpatrick model and the localization-delocalisation model of the spin glass transition: a comparative study**, Phys. Lett 100A (1984)
34. D.Chowdhury and A.Mookerjee, **Dynamical mean field theory of realistic spin glasses beyond the independent mode approximation**, J. Phys. C : Condensed Matter Phys 17 5049 (1984)
35. S.B.Roy and A.Mookerjee, **Susceptibility and neutron scattering in spin glass alloys beyond the percolation threshold**, J. Phys. F : Metal Phys 14 2719 (1984)
36. S.B.Roy and A.Mookerjee, **A mean-field, effective medium theory of random magnetic alloys IV : The Heisenberg model with competing interactions**, Pramana 24 563 (1985)
37. A.Mookerjee, **Some speculations on the critical exponents and fractal dimensionalities relevant to realistic spin glasses**, J. Phys. A : Mathematics 18 2635 (1985)
38. R.P.Singh and A.Mookerjee, **Vibrational properties of NiPt alloys**, J. Phys. C : Condens Matter Phys 18 4261(1985)
39. P.K.Thakur, A. Mookerjee and M.Yousouff, **Electrical conductivity in random alloys**, J. Phys. C : Condens Matter Phys 18 4677 (1985)
40. D. Chowdhury and A. Mookerjee, **Random walk and magnetism of spin clusters in Spin-glasses**, Amer. J. Phys. 53(2) 261 (1985)
41. A.Mookerjee, **Structure of scattering diagrams for conductivity in random binary alloys**, J. Phys. C : Condens Matter Phys 19 193 (1986)
42. Q.M.Khan, A.Mookerjee and A.Ghosh, **Effect of electrostatic fields on bonding in solids**, Materials Res Mechanics 19 313 (1986)
43. M.Yussouff and A.Mookerjee, **Neutron scattering in random alloys**, Phys. Rev. B 33 5414 (1986)
44. A.Mookerjee and V.A.Singh, **Nature of the eigenstates on a Fibonacci Chain**, Phys. Rev. B 34 7433 (1986)

45. D.Chowdhury, T.N.Harders, A.Mookerjee and P.Gibbs, **The phase diagram of CuMn : theory and experiment** , Solid State Commun 57 603 (1986)
46. A.Mookerjee, **Cluster generalization of the KKR-coherent potential approximation for metallic random alloys**, J. Phys. F : Metal Phys 17 1511 (1987)
47. P.K.Thakur, A.Mookerjee and V.A.Singh, **An augmented space formulation for the density of states for Cu rich CuNi alloys**, J Phys. F : Metal Phys 17 1523 (1987)
48. P.K. Thakur and A. Mookerjee, **An augmented space formalism for the T=0 conductivity for random CuNi alloys in a cluster coherent potential approximation**, J. Phys. C : Solid State Phys 20 943 (1988)
49. R.P.Singh and A.Mookerjee, **Vibrational properties of NiPd and NiCr alloys**, J. Phys. F : Metal Phys 18 2171 (1988)
50. P.K.Thakur and A.Mookerjee, **Cluster coherent-potential approximation in ternary random alloys**, Phys. Rev. B 38 3798 (1989)
51. S.Bardhan and A.Mookerjee, **A self-consistent embedding method approach to the electronic structure of random systems**, J. Phys. Condens Matter 1 509 (1989)
52. A.Mookerjee and Mesbahuddin Ahmed, **A two potential embedding approach to the binary alloy and the pair potential**, J. Phys. Condens Matter 1 1991 (1989)
53. S.S.Rajput, S.A.Raazee, R.Prasad and A.Mookerjee, **Application of the KKR cluster CPA approximation to the s-phase shift semi-circular model**, J. Phys. Condensed Matter 2 2653 (1990)
54. S.A.Raazee, S.S.Rajput, R.Prasad and A.Mookerjee, **Electronic Structure of disordered alloys : Korringa-Kohn-Rostocker Cluster coherent potential approximation**, Phys. Rev. B 42 9391 (1990)
55. A .Mookerjee and A.Jayannavar, **Wave function envelope decay in disordered systems**, Pramana 34 441 (1990)
56. S.S.A.Raazee, A.Mookerjee and R.Prasad, **On the augmented space cluster coherent potential approximation and its analytic properties**, J. Phys. Condens Matter 3 3301 (1991)
57. A.Mookerjee, **Systems with static and dynamic disorder : generalized coherent potential approximation**, J. Phys. Condens Matter 2 897 (1990)
58. A. Mookerjee, **Conductivity in dirty systems - effect of dynamic electron-phonon coupling**, J. Phys. Condensed Matter 2 9399 (1990)

59. Chaitali Basu, Abhijit Mookerjee, Asok K. Sen and Prabhat K. Thakur., **Metal-insulator transition in One-dimensional quasi-periodic systems.**, J. Phys. Condens Matter 3 6041-6053 (1991)
60. Chaitali Basu, Abhijit Mookerjee, Asok K. Sen and Prabhat K. Thakur, **Azbel Resonances.**, J. Phys. Condens Matter 3 9055-9065 (1991)
61. Chaitali Basu and Abhijit Mookerjee, **Two point statistics on multi-fractal analysis of Azbel States.**, J. Phys. Condens Matter 4 2857 (1992)
62. Abhijit Mookerjee, Nan-Xian Chen, Vijay Kumar and Md Abdus Satter, **Ab Initio pair potentials for fcc metals : an application of the method of Möbius transform.**, J. Phys. Condens Matter 4 2439 (1992)
63. S.K. Manna and Abhijit Mookerjee, **Numerical Study of the distribution of phase as an electron moves in a one-dimensional continuously and randomly varying potential.**, Int J. Mod. Phys. B 6 1517 (1992)
64. P.K. Thakur, Chaitali Basu and Abhijit Mookerjee, **A Multifractal analysis for electronic transmittance in inhomogeneous potentials.**, J. Phys. Condens Matter 4 6095 (1992)
65. Abhijit Mookerjee, Bikas K Chakrabarti, Indra Dasgupta and Tanusri Saha, **Quantum Percolation and breakdown : absence of the delocalisation transition in two dimensions.**, Physica A 186 258 (1992)
66. S.K.Manna and Abhijit Mookerjee, **Numerical studies of resistance and conductance fluctuations in a chain with a continuous disordered potential.**, Mod. Phys. Lett. B 6 391 (1992)
67. Abhijit Datta and Abhijit Mookerjee, **Recursion in Augmented Space.**, Int J. Mod. Phys. B 6 3295 (1992)
68. Indra Dasgupta, Tanusri Saha, Abhijit Mookerjee and B.K. Chakrabarti, **Is there a delocalisation transition in a two-dimensional model for Quantum Percolation ?**, Mod. Phys. Lett. B 6 817 (1992)
69. Indra Dasgupta, Tanusri Saha and Abhijit Mookerjee, **Scaling of resistance in two-dimensional Anderson tight-binding model for disordered systems.**, J. Phys. Condens Matter 4 7865 (1992)
70. S.K. Manna, Chaitali Basu and Abhijit Mookerjee, **Internal geometry of delocalized and localized states in a one-dimensional continuous quasi-periodic potential.**, Physica A 189 390 (1992)
71. Abhijit Mookerjee, **Transmittance through random media.**, Ind J. Phys. 66A 559 (1992)
72. Indra Dasgupta, Tanusri Saha and A. Mookerjee, **Analysis of stochastic resonances in a two-dimensional quantum percolation model.**, Phys. Rev. B 47 3097 (1993)

73. Chaitali Basu and Abhijit Mookerjee, **Equivalence of geometric scaling of transport coefficients and wave functions.**, Int J. Mod Phys. B 7 1309 (1993)
74. Chaitali Basu and Abhijit Mookerjee, **Multichannel scattering in 1-d disordered disordered chains.** Waves in Random Media 3 1 (1993)
75. Abhijit Datta, Prabhat K Thakur and Abhijit Mookerjee, **Cluster Coherent Potential Approximation within the TB-LMTO.** Phys. Rev. B 48 8567 48 (1993)
76. Abhijit Mookerjee and Rajendra Prasad, **An Augmented Space approach to correlated disorder.**, Phys. Rev. B 48 17724 (1993)
77. I. Dasgupta and A. Mookerjee, **Study of electrons in contact with non-Markovian baths.**, J. Phys. Condens Matter 6 1545-1552 (1994)
78. T. Saha and A. Mookerjee, **A study of annealed and quenched averaging of the thermodynamic potential in a disordered system : an augmented space approach.**, J. Phys. Condens Matter 6 1529-1544 (1994)
79. I.Dasgupta, T. Saha and A.Mookerjee, **Stochastic resonances at the mobility edges in three dimensional Anderson model.**, Phys. Rev. B 50 4867 (1994)
80. T.Saha, I. Dasgupta and A. Mookerjee, **Augmented Space recursion approach to electronic structure of random binary alloys.**, J. Phys. Condens Matter : Letters 6 L245 (1994)
81. Anirban Sain and Abhijit Mookerjee, **Scaling of resistance in the two-dimensional Anderson tight-binding model for disordered systems : effect of a random environment.**, Mod Phys. Lett B 8 195 (1994).
82. Abhijit Datta, A.K. Bhattacharjee and Abhijit Mookerjee, **Energetics of finite clusters within a TB-LMTO method.**, Mod Phys. Lett. B 8 883-888 (1994).
83. T.Saha, I.Dasgupta and A. Mookerjee, **An Augmented Space recursive technique for the study of short ranged ordering effects in binary alloys.**, Phys. Rev. B 50 13267 (1994)
84. I. Dasgupta, T. Saha and A. Mookerjee, **An Augmented Space recursive method for the study of alloy phase stability random binary alloys.**, Phys. Rev. B 51 3413-3423 (1995)
85. A. Mookerjee, **Phase Stability in random binary alloys.**, Bull. Mat. Sci. (1995)
86. B. Sanyal, P.P. Biswas, M. Fakhruddin, A. Halder, M. Ahmed and A. Mookerjee, **An Augmented space recursion in the k-space representation**, , J. Phys. Condens Matter 7 8569-8575 (1995)
87. A. Mookerjee, Indra Dasgupta and Tanusri Saha, **Quantum percolation.**, Int. J. Mod. Phys. B 9 2989-3024
